UNIONTOWN, Pa., May 24 .- The confict which has been threatened at the Stickle Hollow m'nes of the Washington Coal and Coke Company, in the fourth pool, for the past three days, There has not been so fierce a conflic the inauguration of the strike. In fact, deputies and strikers were shooting to

consider the strikers and the wounded at five and the wounded at eight. Other victims of the unfortunate affair may be found when time can be had for a more thorough investigation. It was not a one-sided affair, as at first reported, but was a battle with as many guns on one side as on the other, and with as much firing by the strikers as by the deputies.

Among the wounded are three deputies, while the killed are all strikers, as while the killed are all strikers.

Shortly before midnight last night 3,000 strikers assembled at the Stickle Hollow plants, coming from Lucyville Fayette City, Freeport, Allenport and many other points on the Monongaheia River. Some of them were armed, but

the majority were not. They went into camp near the plant, where they remained until 3 o'clock, when they adjourned to the public road leading to the works, and over which the workmen would have to pass to the pit. Here they worked a line of defense to interrupt the workmen and attempt to get them to return

The workmen were about to comply with the command when the deputies rushed into the midst of the crowd, got possession of the workmen and marched them to the pit. In this part of the performance a deputy sheriff fired a shot, which opened up the battle.

There was volley after volley fired by each side at close range. The strikers stood their ground while their com rades were falling one by one, but their ammunition giving out, and it requiring too much time to load the shotguns and rifles, they were forced to rain of bullets from the Winchesters.

ed the first shots. Many strikers were arrested by the desuties to-day who had guns in their possession, and who were equipped with ammunition. They are now held prisoners there, and will be brought to jail here to-day. The arrests occasioned no trouble, the strikers giving up willingly. It is now believed the deputies had some provocation for shooting when they did, though first reports had it that the strikers had then offered no vio

STRIKERS THREATEN MINERS.

Armed Mobs Massed on the Illinois Conl Range.

(By Associated Press.) PANA, Ill., May 24.—One Hundred and fifty strikers from Spring Valley and Northern mining districts are in the city and are being strengthened by large numbers hourly. Reliable information

comes from Decatur that strikers are THE PRESIDENT HOME AGAIN. massing in all mining towns on the Illinois coal range and are marching to Pana and will force the 800 miners now at work in the mines here to quit. The city is in great excitement and

special police are on guard at the various shafts to protect property. Serious SPRINGFIELD, Ill., May 24.—The

Sheriff of Vermillon County last night telegraphed Gov. Altgeld that a force of five hundred to six hundred striking miners, armed with clubs and revolvers, made their appearance at the Mission Field mines, near Danville, owned by the Consolidated Coal Company, and forced the miners at work to quit.

He added that his force of deputies was inadequate to deal with the strikers and asks for troops. Gov. Aligeld replied that the statement of the case did not warrant sending troops, and declined to send them. Neither the Governot nor the Adjutant-General will go to Mission Field unless more serious trouble is threatened.

beginning to feel the effects of the coal strike, and unless the matter is settled soon the city will suffer. A week will run the coal supply nearly out, and factories will have to begin to shut down. All coal workers but about 100 in the county are out.

All is quiet at Muchakinock. A thousand miners are camped there, determined to bring the 200 men remaining at work out. Trouble can hardly be averted, as the men are armed and fully determined to remain at work.
